VOL. X

LEXINGTON, KENTUCKY, MARCH 7 1918

No. 20

### UNIV. APPROPRIATION BILL NOW IN EFFECT

**\$350,000 Is New Annual  
Income of the  
University**

### BILL SIGNED TUESDAY

With no opposing vote, and one amendment clause, that an emergency clause, the Senate, February 28, passed the bill of Arch L. Hamilton, granting permanent support to the University of Kentucky, the Eastern Normal School and the Western Normal School, by making a redistribution of the forty cent State tax and placing the appropriations of the three institutions under the general tax of forty cents on the \$100. Thru this redistribution the University's income will be \$350,000 yearly.

Senator Thomas A. Combs, of Fayette county, proposed that the Senate go into a committee of the whole to hear Doctor McVey discuss the measure. This suggestion was unanimously adopted and for the second time Doctor McVey addressed the lawmakers on the needs of the University.

Doctor McVey explained that the bill provided for the maintenance of the three educational institutions by giving them continuous support. Opposers of the bill argued that it took money from the common school fund. "This is impossible," said Doctor McVey, "as the school fund has never had any of the money which the bill proposes to give to the University and Normal Schools."

Doctor McVey said there were but three other states in the Union that spend as much from the general tax for common schools as Kentucky. These states are Pennsylvania, New Jersey and New York. While Kentucky stands at the top of the list in this respect, she stands at the last with her university and normal schools.

Emphasizing the fact that the University's needs are enormous, he said that only thru the efficiency of the University, can the State meet the mighty problems of development caused by the war. Several senators agreed with the President, saying that the University should be given sufficient funds, no matter from what source it came.

The emergency clause, the amendment to the original bill, which makes the funds immediately available was approved by the House immediately after it was proposed by the Senate. At 12:30 o'clock Tuesday morning the Governor affixed his signature, making another milestone in the history of the University. Doctor McVey witnessed the signing of the bill by the Governor, returning the same afternoon to Lexington. It is now assumed that the University will have an increase of \$200,000 to its annual income.

### UNIV. WAR COMMITTEE APPOINTED BY McVEY

Doctor McVey has appointed eleven people, composed of faculty members and students, to serve on a University War Committee, which will deal with questions concerning the University war work. This committee will probably meet at once as there are a number of matters due its consideration.

Following is the committee appointed by the President:

Doctor Pryor, chairman, Captain H. N. Royden, Dean F. Paul Anderson, Professor George Roberts, Professor Mary E. Sweeney, E. L. Gillis, Wellington Patrick.

Student Representatives—D. Ellis, Tilford L. Wilson, Miss Frieda Lemon, Miss Louise Mayer.

### MESSAGE OF COURAGE BROUGHT BY GANFIELD

**"Civilization is Progressing," Says Centre President**

### WAR COMMITTEE MADE

"This is the hour of challenge, when bigger tasks challenge a larger ambition, and demand even greater tasks," declared Dr. W. A. Ganfield, president of Centre College, who brought a message of courage Tuesday morning in his chapel address, the text of which might fittingly be called "Quo Vadis."

After being introduced by President McVey, Doctor Ganfield congratulated the University on the increase in its income, and delivered the greetings of the "best college in the South," to the "best and greatest university in the South." He was given a cordial welcome by the students, many of whom have had the pleasure of hearing him before.

The speaker began his address with one of his characteristic striking paragraphs:

"I would rather climb than slide; I would rather scale the Alps than canoe on the Nile; I would rather dig gold nuggets in Alaska than pick bananas in the tropics—" and followed up the story by citing the good results that have come out of the critical times of the past.

He said one was often asked, "Which way are we going? Is the world better or worse? Are the sounds we hear and the movements we feel those of growth or of age? Is civilization a youngster or a decrepit old man gasping out his last breath?" His answer was that civilization and righteousness are progressing.

In bidding his hearers be of good cheer in the face of the terrible conditions in the world today, Doctor Ganfield spoke of many disasters and troublous times in the world's history, and said that while such were former-

### CATS RETURN VICTORS FROM SOUTHERN TRIP

**Shanklin and Wexler in Mix-up on Tennessee Floor**

### THOMAS STARS AGAIN

Once more our victorious Cats have come home with their brows twined with the laurels of three victories. The honey of victory is made sweeter by the fact that two of these wreaths were contributed by our old enemy, Tennessee.

On Thursday night the Wildcats met Cumberland College at Williamsburg, Ky. They proved an easy victim to the shooting of Shanklin and Thomas and the general perfectness of the team. Only one man failed to get a field goal and Marsh shot seven. The final score was 42 to 21.

From Cumberland the Wildcats went to Knoxville in high hopes of repeating the scores made here earlier in the season with the same team. The game Friday night proved the more interesting with a closer score. Daddy Boles said the game was "hot and furious and the spectators hung breathlessly on the actions of the players."

It was in the first game that Wexler, the Volunteer forward tried his knee stunt again. Shanklin was chosen one for this attempt. Shank didn't like it and he and Wexler endeavored to straighten out the matter alone. The referee called them both to the bench where they would be undisturbed by the players.

The Knoxville paper said the Wildcats played a superior game from the start, mentioning Thomas, Shanklin and Marsh as the men chiefly responsible for the victory. Those who know the team say they were in top form, and a match for any of Tennessee's tactics. The writer in the Knoxville paper was evidently favorably impressed with the Kentuckians, for he said there was not a weak spot in the team. At the end of the first half the score was 15 to 6 in favor of the Wildcats.

### CO-EDS OUTCLASSED BY TEAM FROM CINCY

Inability to shoot caused the third defeat of the Tabbies Friday night, March 1, by Cincinnati, by a score of 19 to 9.

The Kentucky girls were outclassed by the fair visitors in shooting but held their own in the passing and receiving end of the game. The first third was played by the girls' rules, with lines limiting the space of the activities of the guards and forwards. When these rules were abandoned in the last part of the game for boys' rules, the game became more interesting and better playing was evident.

### WHAT THRIFT STAMPS WILL BUY FOR SAMMY

A single Thrift Stamp will buy a tent pole or five tent pins, a waist belt or hat cord, shoe laces or identification tags; two will buy one trench tool or a pair of woolen gloves. Four Thrift Stamps will buy two pairs of canvas leggings; six will buy five pairs of woolen socks or three suits of summer underwear; twelve will buy a steel helmet.

One War-Savings Stamp will buy one hundred cartridges or a cartridge belt or a scabbard for a bayonet, two will purchase two pairs of woolen breeches or two flannel shirts; two and a half will buy a gas mask. Three War Savings Stamps will buy an overcoat or two woolen service coats; three and a half will buy three pairs of woolen blankets; four will buy a rifle.

### R. O. T. C. OFFICERS TO GET PAY FOR 3 MONTHS

**Members of R. O. T. C. Are  
Not Exempt From  
Draft**

### \$5,599.40 FOR UNIVERSITY

Captain H. N. Royden has just received from the War Department thru the Department Quartermaster, Central Department, Chicago, Illinois, the following information:

"With reference to your estimate of funds dated February 20, 1918, request has this day been made upon the Treasury to have \$5,599.40 appropriations as indicated below deposited to your official credit with the Treasurer, United States, Washington, D. C."

This means that after the Treasurer of the United States announces the credit the forty-five officers of the Reserve Officers' Training Corps will receive their first three months' pay and that the Kaufman Clothing Company will be paid for the uniforms furnished the battalion. Of the total amount, \$4,508 is required to pay for the 322 uniforms furnished and the balance, \$1,091.40 is for commutation subsistence.

The officers of the Quartermaster Department are making out the checks for the officers and immediately upon receipt of the credit balance will issue the checks. Captain Royden said immediately thereafter they will prepare the second payroll of the Reserve Officers Training Corps to be submitted to the Treasury Department not later than March 31.

Captain Royden has received official notice from the War Department that men enrolled in the Reserve Officers' Training Corps are not exempt from draft thru the local boards. This question has puzzled the local board and recruiting officers since the corps has been formed. Captain Royden states

### UNIV. SENATE PASSES ON IMPORTANT RULES

**Simplified Spelling For Univ  
Publications is  
Adopted**

### WHISTLE IS DOOMED

The adoption of 300 words in simplified spelling to be used in University publications, the passing of rules governing the social activities of students, and the adoption of the fifty minute period schedule were the features of the Senate meeting March 1.

Arrangements were made whereby an automatic signal, regulated by clocks, will take the place of the siren whistle, which has long been in use on the campus. The change will be made before September.

The rules of special interest to the students are published below:

#### Recitation Hours.

Beginning with September, 1918, the daily schedule shall be as follows:

First hour: 8:00—8:50.

Second hour: 8:57—9:47.

Third hour: 9:54—10:44.

Fourth hour: 10:51—11:41.

Fifth hour: 11:48—12:38.

Sixth hour: 1:40—2:30.

Seventh hour: 2:37—3:27.

Drill and Chapel shall be held at the fifth hour.

#### Social Life.

1. All entertainments and social activities of every kind shall be on Friday or Saturday afternoons or evenings, or on the evenings of the day before a legal holiday. In every case permission shall be obtained from the Social Committee.

2. A calendar showing time and place of all dances and entertainments shall be kept in the office of the Dean of Women.

3. No social organization, except as stated below, shall give more than one entertainment or dance during the year.

4. All such events shall be properly chaperoned, the chaperons to be selected from an approved list kept in the office of the Dean of Women. Not later than one week prior to the affair, the names of the chaperons shall be given in writing to the Dean of Women. (This applies to all organizations including women giving out of town entertainments.) After the dance or entertainment the chairman of the committee shall present to the Dean of Women a written report of the same.

5. Beside the chaperons, at least one member of the Social Committee, or some one designated by the committee as its representative, shall attend the entertainment and remain until it closes. The name of the committeeman, or committee representative shall be printed on the program as one of the chaperons.

6. It is desired and urged that all entertainments given by the students

shall be simple, free from ostentatious display and inexpensive, and as far as possible, they shall be held in the Gymnasium or Armory. The committee in charge of the entertainment shall file an expense report with the Business Agent within one week after the entertainment.

7. Attendance at dances shall be limited to present and former students of the University. Special guests, however, may be invited with the approval of the Social Committee.

8. The character and the arrangements for social functions shall be approved by the Social Committee before an organization makes preparation for same.

## II.

1. Dances arranged for year are as follows:

Afternoon dances: freshman dance, sophomore dance, six cadet hops, club dances.

Evening Dances: Junior prom, senior ball, Pan Hellenic, Tau Beta Pi, Alpha Zeta, annual dance, Military Ball.

The Junior Prom, Pan Hellenic, Tau Beta Pi and Alpha Zeta may hold their dances off the campus, at a place approved by the Social Committee.

2. All dances, with the exception of the above named, shall be held on the campus.

All dances are under the supervision of the committee and the authorities of the University.

3. The Senior Ball, Junior Prom, Pan Hellenic, Tau Beta Pi and Alpha Zeta shall close not later than 1 o'clock. The four fraternity dances shall close not later than 12 o'clock. All other dances shall close not later than 11:30.

4. Intermission for refreshments for dances closing at 1 o'clock shall be between 11 and 12 o'clock.

Afternoon dances shall begin at 3 o'clock and close at 5:30.

5. Not more than four fraternity dances shall be given during the college year, exclusive of the Pan Hellenic dance. These dances shall be distributed between the fraternities as decided upon by the Pan Hellenic Council, and shall be listed as other dances.

The 300 words of simplified spelling adopted by the Senate for use in University publications are given below. The Kernel has been using many for two years.

## STUDENTS CELEBRATE WHEN BILL IS PASSED

"Battalion of Death" is Feature of Student Parade

### SOME TAKE HOLIDAY

When the news of the passing of the appropriation bill granting the University \$350,000 annually, reached the "Battalion of Death," composed of one hundred valiant to occupy minds of all. This extreme good fortune necessitated a fitting celebration and nothing was so appropriate as a parade and holiday.

The "siren" whistle that is soon to sound no more, having been called to its deserved rest, sounded a blast that summoned the University from north, east, south and west. The co-eds at Patterson Hall got wind of the parade which was to follow, and with true co-ed spirit joined the campus-bound throng.

With the band in front, followed by a "color" guard of ten boys recruited from Prowtown, the "Battalion of Death," composed of one hundred valiant Patt Hall maids fell in line. The battalion of the University in full equipment brought up the rear.

In military order, the paraders marched down Limestone over the East Main street viaduct, turned into Main street and halted in front of the Phoenix Hotel. There yells for the Senate, the House, the Governor, President McVey, girls, Su-Ky, were given.

Thence the conquering heroes without the "Battalion of Death" which was safely escorted back to the Hall, betook themselves to the Ada Meade to complete the celebration.

At 8 o'clock, Friday morning, the battalion, summoned by the commandant, "fell in," and marched to the Southern Depot to bid farewell to the 200 men of the Blue Grass in Hospital Unit Number 40, who left for training at Camp Zachary Taylor, preliminary to service "over there." Forty-six former students of the University are in this unit. Ten were in school when the call came.

After the return to the campus the holiday began a holiday not recognized by some authorities, but declared proper by other. It is true all did not participate in the holiday, but the morning classes were greatly disorganized because of the deplorable lack of students. During the afternoon, however, order was restored and classes were resumed.

## INTERESTING LETTER OF "PUG" LONGSWORTH

A letter was received this week by the Kernel, from "Pug" Longworth, junior last year in the College of Arts and Science, center on the basketball team, member of Alpha Tau Omega fraternity. He is at present in the shipyards in Philadelphia. An excerpt from his letter follows:

"I am doing my bit in a very peaceable manner, by working at Hog Island, the general topic of newspaper talk at present. This shipyard, when completed, will be the biggest in the United States, and probably in the world. It has a two mile frontage on the Delaware river, and when completed, a ship will slide into the Delaware at the rate of three a week. Following the tactics of Henry Ford, the government is simply assembling, or rather fabricating the ships here, and the steel will come in here from all over the United States and Canada. The first keel was laid on Lincoln's birthday, and all they are waiting on now is steel.

"There are some 20,000 men at work on the island now, and as soon as the entire force of shipworkers get here, there will be in the neighborhood of 50,000. There are fifty-two ways in the course of construction, one for every week in the year, and each way will have to turn out over two ships to fill the contract, which calls for some 120 ships of various weights and sizes, mostly large ships. The work is being carried on by the American International Corporation, a corporation of American money, originally organized with the purpose of developing South American Railways. The motto is, "Speed, regardless of cost and men," and so far they have lived up to their motto, in every respect.

"I am at present engaged in construction work, and our organization is constructing the various barracks, and offices, and then we will go into the permanent end of the job, or we all hope to. There are three K. S. U. men here, besides myself; Hy Barker, and the two Reed boys. They are under the same head as I and we see each other as often as is possible."

N—Naturalize, neighbor, nipt, niter.

O—Ocher, odor, offense, omelet, opprest, orthopedic.

P—Paleography, paleolithic, paleontology, paleozoic, paraffin, parlor, partizan, past, patronize, pedagog, pedobaptist, phenix, phenomenon, pigmy, plow, polyp, possest, practise, v and n, prefixt, prenomem, prest, pretense, preterit, pretermitt, primeval, profest, program, prolog, propt, pur.

Q—Quartet, questor, quintet.

R—Rancor, rapt, raze, recognize, reconnoiter, rigor, rime, ript, rumor.

S—Saber, saltpeter, savior, savor, scepter, septet, sepulcher, sextet, silvan, simitar, sipt, sithe, skillful, skipt, slipt, smolder, snapt, somber, specter, splendor, stedfast, stept, stopt, strest, stript, subpena, succor, suffixt, sulfate, sulfur, sumac, supprest, surprize, synonym.

T—Tabor, tapt, teazel, tenor, theater, tho, thoro, thorofare, thoroly, thru, thruout, tipt, topt, tost, transgrest, trapt, tript, tumor.

V—Valor, vapor, vext, vigor, vizor.

W—Wagon, washt, whipt, whisky, wifful, winkt, wisht, wo, woful, woolen, wrapt.

## BASKETBALL MIX-UP SATURDAY AFTERNOON

Fraternities to Contest For Loving Cup—Gift of Pan-Hellenic

### RARE FORM EXPECTED

When the fraternities belonging to the Pan-Hellenic Council get their basketeers out on the gym floor in knee length uniforms, probably B. V. D.'s but some may be wearing the ones they put on last November in anticipation of the cold spell, next Saturday afternoon, "So Long Letty" is going to look like that old worn-out "last rose." Uh-huh, there will be comedy, but not the do-re-mi kind, for it's an odds bet that there won't be enough wind in the whole bunch after a minute or two to pop a paper sack.

The prize for the roughest stuff pulled in this inter-fraternity basketball tournament will be a splendid silver loving cup, whose only doom is to suffer a year's sentence in some fraternity house. This cup was won last year by the Kappa Sigs, and, sitting on the top of the old picture book in their parlor for such a long time, looks good to the bunch.

But they have got to win again, this time before the cup will say "papa" when they speak to it, for Pan-Hellenic rules governing the cup say that it must be kept in the fraternity for two consecutive years or for three years succession.

Each representative team must be on the floor within five minutes of the time set for the game. No man will be permitted to play who has won a letter on the 'varsity or who appears on the list of those who have been practising with the 'varsity.

The frat teams will play in the following order Saturday afternoon: Kappa Alpha vs. Alpha Tau Omega at 1:30; Kappa Sigma vs. Phi Delta Theta at 2:00; Sigma Alpha Epsilon vs. Sigma Chi at 2:30; Sigma Nu vs. Pi Kappa Alpha at 3:00.

The tournament will be in the nature of an elimination contest, the winners of this series of games contesting on the following Saturday afternoon and so on. The team finally victorious will win the honor of possessing the cup for a year.

## BUY A THRIFT STAMP

REWARD—For the return of an A. T. O. pin lost on campus. F. S. Prothro.

## "SUNKEN GARDEN" IS SCENE OF ACTIVITY

Sometime ago some of the tobacco wagons in front of the warehouses bordering on the campus were dragged into the swamp, which forms part of the "sunken garden," by a few rollicking souls identified as University of Kentucky boys.

A little later the wagons were rescued and restored to their places by another group of University boys, intent on keeping the campus morale above the level of the "small university." To these constructionists the following letter has been sent by the President:

"I want to thank the men who took the wagons out of the pond. You were one of them and to you I extend my thanks and those of the University. I find in my work at the Legislature that members now and then refer to incidents such as the one I am speaking of. They are put down against the University.

"'Rocking the boat,' is a phrase that explains itself, and when students of the University endanger its good name they are making it more difficult for the University to do its works in the State. So I am glad to extend my own and the thanks of the University to the men who took the wagons out of the pond and put them back on the street."

## VOCATIONAL LECTURE NEXT PHILOSOPHIAN

Dr. Martha Petree, Paris, Ky., will give a lecture on "Osteopathy as a Profession for Women" at 6:30 o'clock, Wednesday evening, March 13, at Patterson Hall.

The lecture is to be held under the auspices of the Philosophian Literary Society, with the members of the Pre-Medical Society and all others who wish to attend invited.

On Wednesday afternoon, Doctor Petree will take early tea with the girls of the Pre-Medical Society at the home of Dean Hamilton, at 643 South Limestone street.

## LAST NOTICE!

Seniors! All class pictures have not been turned in yet, and we must have them. All pictures of societies, fraternities and such organizations and their write-ups must be turned in immediately, with the money. This latter is very important, for unless the picture is paid for it will not go into the Annual. Don't expect the members of the Kentuckian staff to look you up, but have consideration enough to hunt them up, thereby aiding them greatly. BEN H. SCOTT, Business Manager of "Kentuckian."

## MRS. J. TANDY HUGHES

Member of A. N. A. M. of D.

106 N. UPPER ST.

Classes Tuesday, Thursday and Saturday evenings. It is the aim of this school to teach dancing as it should be, advocating at all times proper positions and decorations.

## MCVEY ANSWERS PLEA FROM UNIV. ALUMNI

**Hazard High School Secures  
McVey's Services  
For May 23**

### RESOLUTIONS PASSED

President McVey, unusually busy with his duties as head of the University, his connection with the Government as State head of the Trade Board, and scheduled for addresses in all parts of the State, recently felt constrained to refuse the invitation of the Hazard High School, to make the commencement address there in May.

But, no sooner had he regretfully refused the invitation than there came a letter from the principal, J. W. O'Dell, a graduate of the University, saying that he, representing the University of Kentucky Club of Hazard, Ky., was instructed to make a further request that President McVey accept the invitation, remarking that Hazard, with a population of 6,000 to 7,000, has for its citizens college-bred men and women with a large school of promising graduates.

Since there are twenty-seven former students of the University in Hazard, who are proud of the University and its new President, he feels that Doctor McVey's visit will redound not only to the good of their own schools and city, but will further the interest of their Alma Mater.

Accompanying the invitation were the following resolutions adopted by the University of Kentucky Club, Feb. 23:

#### Resolved:

(1) That, whereas the city of Hazard has a "University of Kentucky Club" of twenty-seven members, who entertain a deep loyalty for the University of Kentucky and have an ardent desire for its influence to further elevate the mountain sections of the State; and

(2) Whereas, the Hazard High School's faculty is entirely composed of the University of Kentucky alumni who, together with the other alumni, unanimously feel that not only will the schools and city be elevated and edified but that the interests of the University of Kentucky will be furthered by the best talent and constructive end Doctor McVey's constructive and able address at the commencement of our High School; and,

(3) Whereas we, as teachers and well-wishers to the educational uplift of the earnest people of the mountains, feel that we are due the aid of energy of the State, do heartily and earnestly request Dr. Frank L. McVey, President of the University of Kentucky, to accept our invitation to deliver the commencement address for our High School, May 23, 1918.

Truly and loyally,

(Signed)

UNIVERSITY OF KENTUCKY CLUB  
Per J. W. O'Dell, Sec'y.

President McVey could hardly refuse so urgent a request, and accepted the invitation.

### QUARTET IN CHAPEL

The University quartet will make its first public appearance in chapel Friday morning. The members of the quartet are, Ralph Allington, first tenor; Cecil Heavrin, second tenor; Todd Green, first bass; Neal Sullivan second bass. Nevil Finkel will act as accompanist.

## PRIZES TO BE GIVEN FOR SUFFRAGE ESSAY

Following is an announcement received this week by the English Department, which should be noted by all students interested in the woman's suffrage movement. Those desiring to take part in the proposed contest should notify Prof. L. L. Dantzer, head of the English Department.

"The Kernel Equal Rights' Association, in order to stimulate an intelligent interest in the subject of Woman Suffrage among the coming generation of citizens, offers prizes until June 1, 1918, in contests arranged by pupils or authorities in any high school or college in the State for the best essay or declamation in favor of the enfranchisement of women. The prizes will be to colleges, \$10 in gold; to high schools, \$5.00 in gold.

"The rules and conditions of the contest follow:

1.—The contest shall be held at an open meeting in the school building or other convenient auditorium, after public notice has been given, and the public shall be invited to attend.

2.—The affirmative side only of the question of Woman Suffrage shall be presented, and the prize shall be awarded by judges appointed by the institution holding the contest.

3.—Content shall count fifty per centum, and shall be judged according to accuracy and logical argument. Form shall count fifty per centum, and shall be graded by rules adopted by the judges.

4.—Information may be secured from parents, teachers, suffrage organizations, etc. Suitable literature will be furnished free to contestants on application to the president of the Kentucky Equal Rights' Association, Mrs. John G. South, Frankfort, Ky.

5.—Any school intending to hold such a contest must notify Mrs. South not later than May 1, 1918; and give the name, address and grade, whether high school or college, of the institution applying."

The committee on prizes: Miss Laura Clay, chairman; Mrs. W. T. Lafferty, Miss Mary DeWitt Snyder, Miss Sarah McGarvey, Miss Caroline Berry, all of Lexington, Ky.

### MESSAGE OF COURAGE

(Continued from Page One)

ly believed to be sent as scourges or as schools for virtue. It was now known that out of each of the past disasters of history there came something bigger, better, and finer for the human race. He said wars were the blunders of diplomats, and that someone had blundered again, yet out of that blunder would come great good, for "What ought to be, can be; what can be, must be; and what must be, will be."

In closing he recited his creed: "I live for the wrong that needs resistance,

For the cause that needs assistance, For the future in the distance, And the good that I can do."

Following Doctor Ganfield's address, President McVey announced the personnel of the University War Committee, which will look after all campaigns, and war activities which concerns the University. Doctor Pryor is chairman, and the members are Dean F. Paul Anderson, Wellington Patrick, Captain Royden, Professor Geo. Roberts, Miss Mary Sweeney, Ezra L. Gillis, and student representatives, D. Ellis, T. L. Wilson, Misses Mayer and Lemon.

## GAMBLING CONDEMNED BY DR. A. W. FORTUNE

**"Football May Be Banished  
As Result of Betting  
Says Speaker.**

### ECONOMICALLY WR'NG

Dr. A. W. Fortune gave the fourth of his series of talks to University students Tuesday evening on the subject "Making and Using Money."

Three methods of making money were discussed: that which is legitimate and safe; that which is legitimate, but unsafe; and that which is both illegitimate and unsafe.

Under the latter method, gambling is the most prominent form. With us the greatest occasion for gambling are the races and athletic games, football in particular. Various reasons are responsible for betting but the chief one is for the money that one hopes to get from it.

Some bet to test their powers of judgment. Others bet for the excitement that comes from it. Students bet from a false sense of loyalty to the team. Doctor Fortune stated that the leading authority on football in Kentucky had stated that the game would be banished from the colleges of Kentucky unless the betting habit is checked.

Gambling is essentially wrong because it is economically unsound. It is immoral because it is socially false. It is wrong because it leads large numbers of men to go wrong.

Money is power and the value of its power depends on its proper use. The selfish use of money makes it a curse. One should feel a sense of stewardship and use money for the good it can do. There is no dividing line between the sacred and the secular. All men have the same call. College men above all other men should have right ideals and should pray to be kept true to them.

### SOPHOMORES ATTENTION!

At the recent meeting of the sophomore class it was unanimously agreed that the class dues should be \$1.00 a member. The money collected will be used to pay for the 1918 "Kentuckian" space and also to defray the expenses of the annual class dance which will take place Saturday, March 16.

To facilitate the collecting the members are asked to pay their dues to the following members of the several colleges; Agriculture, Jesse Tapp; Law, W. H. Thompson; Home Economics, Miss Louise Mayer; Mechanical, W. M. Boone; Civil and Mining, Neal Knight; Arts and Science, Pullen or Ed. S. Dabney, class treasurer.

Upon the payment of the dues a receipt will be given to each person. Several days before the dance Lasley will have the tickets for the dance and each receipt may be exchanged for two.

### AGS. ON VERSAILLES TRIP

The agricultural class in the study of breeds, under T. J. Yaxis, visited the Hereford farm of Colonel E. H. Taylor at Versailles, recently. Colonel Taylor's farm is known nationally, since it is the best Hereford farm in the world. The students saw Woodford, worth \$500,000, the famous bull at the head of the farm, which won the Grand Championship of the world at the Panama-Pacific Exposition at San Francisco in 1915.

## THE UNCURBED FEW.

President McVey has made an appeal to the Kentucky Legislature and that appeal has been granted. The Kernel is now going to appeal to a certain part of the student body and hopes that its appeal will likewise be granted.

As all students know there was a Washington birthday celebration at the University two weeks ago. Members of the Legislature attended that celebration and in so doing had to come out South Limestone street, passing the University swamp. At the time some of them passed tobacco wagons, probably belonging to influential farmers and placed there by pranking students, hub-deep in mud. A circumstance such as this must surely have given those legislators an impression which at so critical a time in the history of the University, might, if there had been much friction over the appropriation bill, have been detrimental to the measure important to the University.

Even tho athletic games, societies, dances and other social events afford abundant outlet for exuberance of youth, a certain element of the student body is either very thoughtless or disposed to develop a tendency that is little short of criminal in the perpetration of pranks like this. With the increase in funds recently obtained, the University incidentally takes on added prestige among leading institutions of learning.

Now, if ever, is the time for that thoughtless element of the student body to change its tactics; to do away with pranks which only flourish in the high school and in the small town college. University men are supposed to be more mature than they were in "prep" and first long trousers.

The Kernel prefers to believe that the pranks here referred to, rather was thoughtless than intentionally destructive, but desires to remind the would-be cut-ups that thoughtlessness is no excuse among young men and women of gentle breeding.

Opposed, however, to the jubilant aggregation, whose idea of a good time was so strikingly original, are other students of the University who have reserved in their hearts ample room in which to carry the good of the University. Learning that fellow students were guilty of the prank which evidenced such rare intellect and gifted foresight, certain other students organized and succeeded in replacing the wagons on the street whence they were taken. In this issue of the Kernel is published a letter from President McVey who expresses his and the University's gratitude to those who withdrew the wagons from the pond. The Kernel wishes to add an expression of its gratitude to those students and commend them for their fine spirit and positive loyalty.

## TO THE KENTUCKY LEGISLATURE

In behalf of the students of the University who will, in the near future, begin to derive benefits from the increase in revenue which comes instantaneously through the appropriation bill; on behalf of the boys and girls of Kentucky who have not yet attained college requirements but who, when there is a completion of their preparatory education, will matriculate at a bigger and better University, the Kernel wishes to express its gratitude to the members of the Kentucky Legislature who made possible the new appropriation and evidenced State-wide appreciation of the University's needs and possibilities.

This paper believes that it can assure the public that the annual income of the University will be wisely and frugally spent and is satisfied that, consistent with the policy of the University, some weeds will be plucked and in their stead productive seed will be sown.

So, as a herald to the new era, the Kernel wishes to express its specific gratitude to all out-standing factors in the success of University legislation; to Representative A. L. Hamilton, Representative W. F. Klair and Senator Combs, for their skillful leadership on the floors of the two houses; to Governor Stanley, who has at all times given warm support and emphatic loyalty to the University; to the Press, which aided in solidifying public opinion favorable to the bill, and to President McVey for the able and energetic manner in which he presented the claims of the University.

## A SLIGHT ERROR CORRECTED

Thru inadvertent error the Kernel of last week made it appear that ten minutes would be clipped from the recitation period beginning next September. The recitation period will be reduced to fifty minutes instead of ten minutes, seven minutes being allowed for assembly. Following is the schedule of recitations for 1918-19:

First hour—8, 8:50.  
Second hour—8:57, 9:47.  
Third hour—9:54, 10:44.  
Fourth hour—10:51, 11:41.  
Fifth hour—11:48, 12:38.  
Sixth hour—1:40, 2:30.  
Seventh hour—2:37, 3:27.

## FINAL OPPOINTMENTS FOR STROLLER CAST

After careful deliberation the rest of the cast for "Mice and Men," not given in the first announcement has been selected.

It is: Molly, Dot Walker; Orphans, Ellabeth Card, May Stephens, Ellza Piggott, Katherine Weakley, Norma Rachel, Isabelle Dickey, Lois Powell, Ellabeth Annett, Florence Brown.

The date for the production of the play has been announced for April 5. Further information concerning the sale of tickets will be made later.

At a meeting of the officers Monday, Fred Augsbury was selected as property man. Plans were also made toward the perfecting of an extensive advertising campaign, which will be under the control of Charles Planck, Business Manager.

## "HIGHER BRANCHES" IN MAIN BUILDING

A change which jarred the ancient foundations of the University came Monday morning when the "Math" Department was dislodged from its long established place in the Main Building, and sent to the top floor of the Civil Building.

The Department of History and Economics and beginning French classes were moved to the Main Building. Professor James, the latest addition to the faculty, occupies the rooms vacated in the Education Building by the Department of History and Economics.

George Washington, general dispenser of rare information declares, "It sho' am a step foh de bettah when dey bring de highah branches of learning to de Main Building."

## MEMBERSHIP CONTEST ON IN HORACE MANN

The Horace Mann Literary Society spent Thursday evening, February 28, discussing important business matters. The program for the evening, dealing with some reform movements, was postponed until this week.

A campaign for membership and attendance was worked out and adopted. It was decided to divide the society into four groups, each of which will work for increased membership and attendance. Everett Kelly, Miss Bertha Miller, Miss Margaret Woll and Miss Erna Wentell were appointed as leaders of the groups. Mr. Elmer, president of the society, offered a prize of five dollars to the group having the largest attendance and a 1918 Kentuckian to the group having the second best showing.

The time of the meeting was changed to 7:30 for the next month, so that the young women might attend Dr. J. J. Tigert's lectures at Patterson Hall from 6:45 to 7:30.

HOUSE HONORS MARSH  
ENTERING SERVICE

As a tribute to John Marsh, '16, of The Leader's reportorial staff, who had been reporting the Legislature, and who resigned to go with Base Hospital Unit No. 40, the House of Representatives of the Kentucky Legislature has passed the following resolutions:

"Whereas, John R. Marsh, Legislative correspondent of The Lexington Leader, has heretofore tendered his services to the government in the war for the liberties of the world, and

"Whereas, The government has accepted said tender by calling John R. Marsh to the branch of the service in which he has volunteered; now, therefore,

"Be It Resolved, by the House of Representatives of the Kentucky General Assembly, That this House expresses its commendation of the sterling patriotism which inspires this splendid young man to surrender all the comforts of life, friends, home, kindred, his pleasant associations with us in this House, to lay down his life, if need be, on the altar of his country's interest.

"And, Be It Further Resolved by This House, That we tender to John R. Marsh our united sincerest good wishes that he may uphold the traditions of a patriotic people and a patriotic State and come home safe from the war with a record of faithful service, well and nobly performed.

"And Be It Further Resolved, That a copy of this resolution be sent to the said John R. Marsh and to The Lexington Leader for publication in its columns, and that it be spread on the Journal of the House.

"Attest: ELIBERRY,  
Chief Clerk, House of Representatives."

## CATS RETURN

(Continued from Page One)

After the defeat of Friday night the Volunteers seemed to give up the hope of stopping the Wildcats. Altho they were crippled by sickness and injuries to their best players they put up a stiff fight in the first game. The score was 32 to 20. On Saturday night the game was tame and mild compared to that of the preceding night. Shanklin and Wexler were in a good humor.

This makes four victories for the Kentuckians over the Tennesseans, but leaves two yet to the credit of the Wildcats' enemies. They must wait 'till next year to even the score.

MESSAGES FROM TWO  
U. K. MEN OVER THERE

"Uncle Jimmie" Lyons in the business office has received letters this week from "Keel" Pulliam, recently injured in active air service, and M. C. Finney, formerly a student here, now located in France.

Lieutenant Pulliam was writing from a hospital in Wales. He expected to be out in a few weeks to continue his flying over London at night. From there he said he would be sent to France, where, after a few months' training, he expects to "get right in it."

Finney is at the head of a class studying French, among whom are men from Indiana University, Purdue, Depauw and Butler. In his own company is another Kentucky man, William A. Moore, who received his diploma in 1915.

SUCCESSFUL CONCERT  
GIVEN BY UNIV. BAND

Mr. Cover Proves Himself to  
be Conductor of  
Ability

## PROGRAM IS GIVEN

The band concert given Friday morning was perhaps the first really successful program ever given in concert by a band of the University students.

The faculty and University students, as well as a number of guests from the outside heard the concert with great pleasure and expressed their delight to the conductor, Mr. Cover.

There are about thirty-five men in the band and nearly all of the brass and wind instruments are used.

Mr. Cover is a conductor of splendid ability and has taken these young musicians thru a course of training which has produced this gratifying result. The ensemble, the expression and the skill are all admirable and the band proved itself equal also to playing a most excellent sympathetic accompaniment to the singing of Miss Estelle Baldrige, who has a full dramatic soprano voice. She is the pupil of Mr. Cover.

CHAMPIONSHIP GAME  
LOUISVILLE, MARCH 9

The State championship basketball game will be played in Louisville Saturday night on the St. Xavier floor, between Centre College and the Wildcats.

Daddy Boles says the team was never in better form than now and their three victories in the South have put such life and determination in them that they are most optimistic. Every member of the team is exceedingly anxious to block any of Centre's attempts at another championship of the State for this year, and each man may be depended upon to play his best.

Eight men will be taken to Louisville: Thomas, Marsh, Shanklin, Dishman, Glickman, Campbell, Zerfoss and Bastin.

In anticipation of the attendance of the many former U. K. students now at Camp Zachary Taylor, the athletic committee has decided to take a cheer leader along to encourage the Wildcats. A number of Kernels will be sent to the camp to be distributed among these men to advertise the game.

\$15 PRIZE FOR MOST  
1918 ANNUALS SOLD

Ben H. Scott, new business manager of the Kentuckian, announces that a contest for subscriptions to the "Kentuckian," the year-book of the University, will be held this year as formerly. Five prizes will be given for the largest number of subscriptions, and everyone in the University is eligible to enter the contest.

The first prize of fifteen dollars will be given to the student obtaining the largest number of subscriptions. A second prize of five dollars will be given to the one receiving the second highest number of subscriptions and the third, fourth and fifth prizes, an Annual free, will be given to those getting the next highest number of subscriptions.

The contest begins Monday morning. Every one is eligible to enter and Ben H. Scott, Sam Morton, or any member of the Kentuckian staff will give any further information.

## R. O. T. C. OFFICERS

(Continued from Page One.)

that it is advisable that every one who is subject to immediate call by his local draft board should give his name to the commandant, and if he is found better fitted for some special duty, he will probably be exempt during a period of training here.

"In view of the fact that members of these units are not obligated to accept commissions in the reserve corps upon completion of the prescribed course," the memorandum said, "they cannot be held to be enlisted in the service and are consequently not entitled to exemption or deferred classification."

This has been demonstrated in the case of Walter Piper, a junior in the College of Arts and Science, who was drafted and summoned to appear for examination before the local board. Being a member of the Signal Corps of the University, which is a branch of government service, training men for special work, he was exempt from immediate service and ordered to finish his semester's work. He now is a regular soldier of the United States, drawing full pay and also a reserve soldier in special training in the University.

The length of time Piper will remain in training here is unknown, but it is thought that he can prepare himself better for service here in this special field than were he at Camp Zachary Taylor. At the same time, he must hold himself in readiness for a call from Washington to enter active service. Tho men are not exempt, Captain Royden advises that they notify him as to their position in the draft.

## AGS PRACTICE STOCK JUDGING

The agricultural students in animal husbandry were excused from classes last Tuesday to attend the sale of Hereford cattle that was held at the Tattersall barn on South Broadway. During the morning some of the students were given an opportunity to practice judging. Professor Good said the work would be used as a preliminary in selecting next year's stock-judging teams.

## ENTERTAINING CHAPEL HOUR

### MISS SWEENEY IN LOUISVILLE

Miss Mary E. Sweeney, head of the Department of Home Economics, gave a series of lectures in Louisville, the past week-end, lecturing to the Kentucky Division of the Council of National Defense, to the Garden Club, to the Louisville Girls' High School, and to the Negroes in the settlement house of the Plymouth Church.

### WEDDINGS

#### LAFFERTY-NISBET

The marriage of Miss Helen Ward Lafferty to Mr. Benjamin Louis Nisbet, of Madisonville, Ky., first lieutenant in the national army, took place Wednesday afternoon at the home of Miss Lafferty's parents, Judge and Mrs. W. T. Lafferty, on East High street.

Rev. I. J. Spencer was the officiating minister and only the family was present.

The bride is the only daughter of Judge Lafferty, dean of the Law Department. She has been actively connected with University affairs.

Lieutenant Nisbet was graduated from the University about two years ago in the Department of Law, and is a gallant young officer, familiarly called Jack Nisbet. He is well known and popular and a successful attorney before enlisting in the army.

He and his bride went to Louisville, thence to Madisonville to visit his family, from there to New Orleans and on to Hattiesburg, where Lieutenant Nisbet will report for duty about March 8.

### MISS GRAHAM IS "Y" PRESIDENT FOR 1918

The annual election of officers of the Y. W. C. A. was held Sunday evening at Patterson Hall. Miss Lelah Gault, president, conducted the meeting until the unanimous election of the new president, Miss Mildred Graham.

The following were elected to the other offices: Miss Ruth Duckwall, vice-president; Miss Austin Lilly, secretary; Miss Elizabeth McGowan, treasurer, and Miss Louise Will, annual member. As annual member, Miss Will will have charge of the unification of three associations of Transylvania, Georgetown and Kentucky.

Last year's officers were: Lelah Gault, president; Mildred Graham, vice-president; Ruth Duckwall, secretary; Frieda Lemon, treasurer.

Miss Graham has chosen the following members for her cabinet: program, Mildred Collins; social service, Mary Beall; social, Eliza Piggott.

### "RESPONSIBILITY OF WOMAN" IS SUBJECT

"Woman's Responsibility," was the subject of Doctor Tigert's lecture before the girls of Patterson Hall on Thursday evening.

"The spirit of real patriotism," said Doctor Tigert, "is when it is a privilege to serve and not an irksome duty. There is a blind adherence to duty that accomplishes nothing but when it is accompanied by love it is the greatest thing in the world, for the strength of a country is not in its manhood but in the devotion of its women."

### ANNUAL "Y" ELECTION

Next Sunday evening the annual election of officers of the Young Men's Christian Association will be held. Reports will be made and future plans discussed. A large attendance is desired.

### MISS SPEIDEL HEADS NEW MOTOR DIVISION

A recent issue of the Louisville Evening Post contained an article concerning the activities of Louisville women in the National League for Woman's Service. A paragraph describing the work of Miss Marie Speidel, a former student in the University is reprinted below:

"Miss Marie Speidel captains the first motor division which conducted a paid class for motor instruction. The women identified with this division have been chauffeurs for members of the National League, taking them about the city on the league business. They took the members of the National League Hospital Unit to the City Hospital for duty and back to their home in the evenings and to and from the base hospital at Camp Taylor. These women hold themselves in readiness for any call for service."

Miss Speidel was in the University in 1915. She was a member of Chi Omega fraternity, and took the lead in the 1916 Stroller play.

### MISS CRANE PRESENTS VOCATION FOR WOMEN

Miss Adelaide Crane, house director of Patterson Hall, addressed the Home Economics Club at its regular meeting Monday at noon on the subject of "Institutional Management." Miss Crane spoke of the gradual introduction of women into the world of business and the promise of broad field of institutional management offers them today.

"The training the grand-mothers of the present generation had in productive work, when the home was the seat of all enterprises," she said, "is denied the girl today when the large institution has taken over home industries. But while the large concern has taken over the work it has also opened a broad field for vocational work for women."

"The trained woman is much in demand either as a permanent director, or as an efficiency expert who points out the trouble and offers a remedy. She may command a salary of \$50 a month as assistant or \$50 a day as expert."

### CO-ED SENIORS RULE ROOST AT PATT HALL

"When the cat's away the mice will play," but not so at Patterson Hall. When Miss A. E. Crane took the train for Cincinnati, Saturday morning, a few unsophisticated co-eds, untaught in the ways of house directors, may have thought that the "lid was off" and that it was a time for giddy hilarity, but alas—when they turned from the straight and narrow path of seeming conduct, as prescribed by rules, there was a relentless senior to remind them that discipline was still a stern reality at old Patt Hall.

Seniors! They were everywhere. Lelah Gault and Lois Powell sat in dignified splendor in Miss Crane's office to see that guests were properly cared for. May Stephens and Celia Gregor were not so interested in their knitting that any daring freshman could slip out without permission. Thrift Stamps could be purchased only of Josephine Thomas and those who dared to attempt pillow fights or noisy midnight feasts found that a watchful sentinel had been appointed to preserve quiet hour.
